

FLIGHT TEST SAFETY WORKSHOP 2020

THE
FLIGHT TEST SAFETY COMMITTEE
AND
THE
ROYAL AERONAUTICAL SOCIETY

invite all flight test professionals to come and join us in London for the 2020 Flight Test Safety Workshop at the venerable Royal Aeronautical Society in London's famous district of Mayfair. This year's workshop is themed:

IMPROVING FLIGHT TEST SAFETY THROUGH ENHANCED SAFETY RISK MANAGEMENT

TUTORIAL:

Which actions are you or your organisation taking to improve safety risk management? How do you measure its effectiveness? The workshop is intended to also work out methods to improve the robustness of our hazard identification and associated risk mitigation methods.

PRESENTATIONS:

Target presentation length should be 20 minutes. Please send presentation/briefing proposals, or send any questions concerning presentations to the Workshop's Technical Chairman, Dave Best via conferences@aerosociety.com. *The deadline for proposals is 31 July 2020.*

SCHEDULE OUTLINE:

Tuesday	13 October	—	Evening Welcome Reception at the Royal Aeronautical Society
Wednesday	14 October	—	Interactive Tutorial
Thursday	15 October	—	Technical Presentations, Evening Dinner at the RAF Club
Friday	16 October	—	Technical Tour and Partners' Cultural Tour
